

# Marquette University High School

## School-based Mental Health Clinic

Children's Wisconsin understands the critical connections between overall life satisfaction, thriving academic performance and appropriate mental health services. Our school-based mental health services were created to increase the ability of kids and families to be able to access quality care by decreasing potential barriers, such as transportation and time spent out of the classroom. Mental health support within the school setting also helps to normalize the therapy experience and reduce stigma associated with seeking services.

Therapy services and goals are tailored to each family and their mental and behavioral health needs. Here are some examples of concerns our therapist can help address: feeling very worried, overwhelmed, sad or depressed, recovering from stressful or traumatic experiences, and coping with school, family or friendship stress.

**Call or email Jennifer Reuchlen at 414.933.7220, ext. 3070 or [reuchlen@muhs.edu](mailto:reuchlen@muhs.edu) to talk about starting therapy services at school.**

Kids deserve the best.

## Clinic Location & Contact Information

**Marquette University High School**

3401 W. Wisconsin Avenue  
Milwaukee, WI 53208

Phone: (414) 933-7220

## Fees and Financial Assistance

Clinic fees are billed to insurance for those with coverage. We will submit your claims to your insurance company, and you will receive monthly statements.

Children's Wisconsin provides care regardless of a family's ability to pay and also offers financial assistance to families.
