Course Selection for Junior year

Balance note:

- Students who expect to add a job, a varsity level sport, religious education program (such as Confirmation), Pre-College program, or have responsibilities outside of the class day, should remember the increase in time commitment when selecting courses. Co-curricular and work commitments are not circumstances to allow a course drop.
- Students cannot choose in which semester a class will fall in their schedules. Whatever you choose, be sure that you want to be in that course either semester.
- Once courses are selected changes are rare and strictly follow the withdrawal policy. Your signature on the printout indicates you commit to the courses you select.
- Remember, you have service hours to complete this year outside of the school day.
- **Generally, students should not plan to take more than 3 AP/Honors courses in a semester.**

Checklist for Selecting Courses: Check to make sure that you ...

- Selected enough credits. **Six** is the norm, although a student may take only 5.5 or more than 6. Overloading to more than 6 credits will need to be approved by the Asst Principal of Academics and your advisor.
- Will have completed/ have selected **US History**.
- Will have completed/ have selected **Chemistry/Honors Chemistry**.
- Will have completed/ have selected 2nd year of the same **language**.
- Selected different alternate courses than initial courses (duplicates do NOT increase chances of receiving the course).
- AP Bio and AP Chem** students have a lab one day a week. Be very careful selecting more than 6 credits since it means that one day a week you will have 8 straight class periods.
- Will have completed 3 years of Math at the end of this year.
- If selecting **Social Studies**, understand that AP Human Geography and AP European History are year-long courses. You need to choose 2 alternates.
- Check the credits and number of days that **Fine Arts** classes meet.
