SUMMER EXPLORE!

JUNE 18 – AUGUST 3, 2018

Summer Programs for Boys
Entering Grades 5 - 9

A M
D G

MULTI-DISCIPLINE PROGRAM

AAA Program – Academics, Arts & Athletics

For boys entering grades 6, 7, 8

The AAA Program stands for the three components of the program: Academics, Arts and Athletics. Each of these components will be incorporated into daily activities to build relationships, practice skills, and prepare students for a Marquette High environment. The AAA Program captures a central priority of a Marquette High education: forming the whole person. In an active, fun, engaging learning environment, students will gain a small glimpse of life at Marquette High.

In the classroom, students will encounter lessons in mathematics, science, history, and creative writing, each taught by MUHS faculty. Fun and challenging lessons will prepare students for the active learning environment at MUHS. In artistic fields, students will try their hand at drawing or other art-related ventures. In athletics, students will participate in team sports such as soccer, flag football, kickball or ultimate Frisbee. Current students will assist MUHS faculty throughout the program.

June 25 – 29 (Monday – Friday)

9 a.m. – Noon

Fee: \$150

Instructors: Mr. Erik Anderson and Mr. Phil Koski – Theology

Minimum enrollment – 20; Maximum enrollment – 30

AAAA Program – Academics, Arts, Athletics & Admissions

For boys entering grade 9 (MUHS Class of 2022)

In addition to the AAA programming as outlined, MUHS Class of 2022 students will arrive early each morning for a light breakfast and social time with future classmates (8:15 a.m. – 9 a.m.). Students will meet various staff, faculty and current students to help them navigate what life will be like as a Hilltopper when they start the school year.

June 25 – 29 (Monday – Friday)

8:15 a.m. – Noon

Fee: \$175

Instructors: Mr. Erik Anderson and Mr. Phil Koski – Theology

Minimum enrollment – 10; Maximum enrollment – 20

Marquette University High School is an all-boys Catholic school in the Jesuit tradition. Our commitment is to educating the whole person – the spiritual, emotional, intellectual, artistic, moral and physical. The Summer EXPLORE! programs will be conducted with this commitment in mind.

COMPUTER SCIENCE

Hour of Code – Introduction to Computer Science

For boys entering grades 5, 6, 7, 8, 9

Students will explore computer programming through a variety of game activities. Topics such as loops and conditional (if-then) statements will be explored. Students will also be equipped to continue their learning independently after the workshop is completed. This course is for students who have not previously taken Hour of Code.

July 14 (Saturday)

9 a.m. – 10:30 a.m.

Fee: \$20

Instructor: Mr. Chris Reis – Math and Computer Science

Minimum enrollment – 10; Maximum enrollment – 20

3-D Design and Animation

For boys entering grades 6, 7, 8, 9

From Toy Story and Despicable Me to product design and architecture, 3-D design and animation has transformed the way we work and dream. This course will give students the tools they need to join this creative force. Students will explore Blender 3-D, a free 3-D design and animation program. Topics will include modeling (making the shape), textures and materials (covering the shape), lighting, animation (moving the object) and publishing (making the movie available to others). At the end of the course, students will know enough to continue their education on their own.

July 23 – 26 (Monday – Thursday)

12:30 p.m. – 3:30 p.m.

Fee: \$125

Instructor: Mr. Joe Cavanaugh – Instructional Technology Specialist

Minimum enrollment – 8; Maximum enrollment – 25

Fun with Google Apps

For boys entering grades 5, 6, 7, 8, 9

No experience necessary! Have fun winning prizes in daily contests while you learn useful skills. Enjoy designing with Google Drawings; create a Google Survey to gather information; develop an engaging Google Presentation; and create professional quality charts and graphs using spreadsheets. It's truly easy and fun to use Google apps to share ideas and collaborate with classmates and friends.

July 17 – 19 (Tuesday – Thursday)

12:30 p.m. – 3:30 p.m.

Fee: \$100

Instructor: Ms. Carol Hardtke – Math and Computer Science

Minimum enrollment – 8; Maximum enrollment – 24

SCIENCE

Learning with Legos: Competitive Engineering

For boys entering grades 5, 6

Design and build powered Lego creations to compete with other students. Models will be built using the Lego Education Simple Machine Kits and will explain the engineering concepts of torque, motion, energy and measurement. Tasks will be assigned to students and models must be built to meet the requirements of each competition. Students will work in pairs to foster collaboration and communication. As a bonus, students will be able to keep one of their Lego creations to bring home and share with his family. Two sessions of the same class are being offered.

July 9 – 12 (Monday – Thursday)

9 a.m. – Noon

Fee: \$135

Instructor: Mr. Paul Fleisch – Science

Minimum enrollment – 6; Maximum enrollment – 12

July 9 – 12 (Monday – Thursday)

12:30 p.m. – 3:30 p.m.

Fee: \$135

Instructor: Mr. Paul Fleisch – Science

Minimum enrollment – 6; Maximum enrollment – 12

Animal Ecology Adventures

For boys entering grades 5, 6, 7, 8

This program explores animal ecology with a focus on those awesome critters that call Wisconsin home. Students will explore animal adaptations and the survival strategies that make them successful. They will learn about animal conservation in Wisconsin and take part in a predator-prey simulation. They will have hands-on encounters with invasive species and water invertebrates, exploring how humans impact water quality and the world around us.

July 16 – 19 (Monday – Thursday)

9 a.m. – 11 a.m.

Fee: \$135

Instructor: Mr. Joe Meyer – Science

Minimum enrollment – 6; Maximum enrollment – 30

Pre-Science Olympiad: Engineering Challenge

For boys entering grades 7, 8, 9

If you have an interest in science and engineering this class is for you. Pre-Science Olympiad is designed to mirror the events of the National Science Olympiad tournament. Students can expect to design and build at least one structure, complete at least one engineering challenge and complete one problem solving lab challenge. Marquette University High School is the defending regional Champion in Science Olympiad. The skills that students learn in this class could help them join the team when they enter high school.

July 31 – August 3 (Tuesday – Friday)

9 a.m. – Noon

Fee: \$140

Instructor: Ms. Nicole Williams – Science

Minimum enrollment – 8; Maximum enrollment – 16

HISTORY

Hidden History of Milwaukee

For boys entering grades 5, 6, 7, 8

Come join MUHS History teachers as they explore the forgotten history of our hometown. Class time each day will be spent visiting some of the sites that were most crucial in shaping the Milwaukee we know today. Discussions will focus on the impact of geography, technology and economics in how our city developed. If you're the kind of student that looks around and says, "I wonder what it was like here a hundred years ago," this class is for you! Sites visited will be different from previous Summer EXPLORE! sessions.

June 20 – 21 (Wednesday – Thursday)

8:30 a.m. - Noon

Fee: \$100

Instructors: Mr. Jon Parsons – Social Studies

Minimum enrollment – 6; Maximum enrollment – 12

Father Marquette History Mystery

For boys entering grades 5, 6, 7, 8, 9

Just who was Father Marquette? To answer this question, students will become historic sleuths and explore Marquette High, Marquette University's campus, a few historic spots in Milwaukee and eat an authentic French explorer's lunch. Each student will analyze a variety of monuments, images and historic documents to piece together their historical portrait of this important Jesuit explorer. We will also try to solve the mystery of where Marquette High's 1957 statue of Marquette is currently located after it disappeared in the 1970s.

June 18 – 19 (Monday – Tuesday)

June 18 9 a.m. – 1:30 p.m.

June 19 9 a.m. – Noon

Fee: \$100

Instructor: Mr. Chris Lese – Social Studies

Minimum enrollment – 4; Maximum enrollment – 8

Civil War Institute

For boys entering grades 5, 6, 7, 8, 9

Spend three days where the Civil War will come to life! This will be a highly interactive experience. Campers will immerse themselves into the daily lives of soldiers with a reenactor presentation who will provide participants military drilling. A distinguished college professor will also provide an interactive discussion of Gettysburg. Students will spend one day at MUHS, another touring nearby local Civil War sites and memorials with a lunch at historic Turner Hall and finally, a special tour of the Kenosha Civil War Museum's current exhibit.

July 9 – 11 (Monday – Wednesday)

FORENSICS

Forensics Boot Camp – Coed Program

For boys and girls entering grades 6, 7, 8

This camp is for beginners as well as students who have competed on their middle school team. Whether you’re focused on preparing for the 2018-19 season or just wishing to build self-confidence and poise, this camp will help you achieve your goals in a noncompetitive, supportive environment. Campers will have an opportunity to try all eighteen categories in the Mid-Level Forensics Association of Wisconsin to find the best fit for them. Other areas of focus will include voice and breath control, peer coaching and teamwork. This year’s camp will be led by the MUHS forensics coaching staff, assisted by members of the award-winning Marquette University High School team.

July 16 – 27 (Monday – Friday)

1 p.m. – 4 p.m.

Fee: \$200

Instructor: Ms. Amy Geyser, Director of Forensics

Minimum enrollment – 8; Maximum enrollment – 20

Advanced Forensics Day Camp – Coed Program

For boys and girls entering grade 9, or 7th / 8th graders who attended a previous forensics camp

Suitable for seasoned competitors or beginners entering high school, this camp is designed to prepare you for the 2018-19 forensics season. In a fun, supportive atmosphere, campers will build on their strengths to refine their communication skills and learn the art of effective delivery. Other areas of focus will include voice and breath control, peer coaching and teamwork. This year’s camp will be led by the MUHS forensics coaching staff, assisted by members of the award-winning Marquette University High School team. Students will receive intensive personalized coaching as well as team-oriented training.
