

At the Doerr

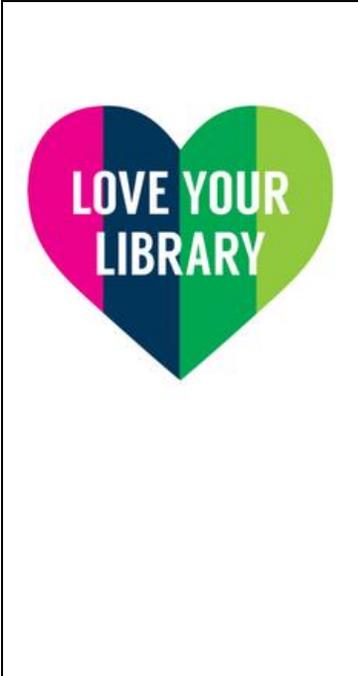

GAME NIGHT
 Our next Game Night is scheduled for Friday, May 3, 2019 from 3:10PM to 5:00PM in the Doerr Library. Take a short break from your studies and join us. We have tons of board games, but feel free to bring your own. All are welcome!

The best part about board games are the people you play them with!

ON DISPLAY
 This month our displays are all about libraries and books. Check out our front window display for books that feature librarians or are set in a library. I was amazed that I found a few of those titles in our library! Our side window display contains and information about libraries, research, and leisure reading.

Librarians are tour-guides for all of knowledge. ~Patrick Ness

BOOK CLUB
 Book Club will start-up again next September and will meet once a month throughout the school year. As a group, we select the book we will read for the month. At our meeting, we enjoy breakfast, talk about what we liked or did not like about the book, and share information about the author, genre, and read-alike books. It is a very low stress experience and our discussions are always lively!

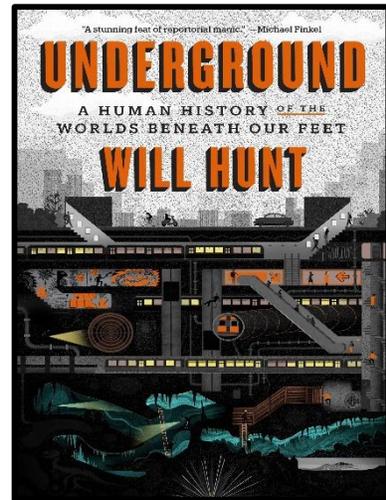

APRIL IS SCHOOL LIBRARY MONTH
 School libraries empower lives. That is a grand statement but what does it mean and how do libraries do that? In my thirty years as a librarian, I have witnessed the power of libraries in the hug I received from a four-year old when I handed him a book about trucks, or in the enthusiastic response from a 2nd grader who is able to discuss her favorite part of Bunnica, or in the spark in the eye of a high school student given a great journal article to support his thesis statement, or the joy on the face of a student who was just informed that the second volume in his favorite series was finally published and ready for checkout. Libraries have been around for a long time and have witnessed many changes but their mission remains the same: to build and organize collections of resources based on the needs of their constituents, to champion their community's right to information and to build community by bringing like-minded people together to learn and share. We are really blessed to have the support for and access to a library at MUHS.

Thank you Marquette High and Happy School Library Month

***Underground: A Human History of the Worlds Beneath our Feet* by Will Hunt. 624.1 HUNu**

When Will Hunt was sixteen years old, he discovered an abandoned tunnel that ran beneath his house in Providence, Rhode Island. His first tunnel trips inspired a lifelong fascination with exploring underground worlds, from the derelict subway stations and sewers of New York City to sacred caves, catacombs, tombs, bunkers, and ancient underground cities in more than twenty countries around the world. *Underground* is both a personal exploration of Hunt’s obsession and a panoramic study of how we are all connected to the underground, how caves and other dark hollows have frightened and enchanted us through the ages. ~Amazon

EBSCO LearningExpress

From grammar tutorials to AP practice tests, *EBSCO Learning Express* has it all! Provided to MUHS through Wisconsin’s Badgerlink project, *EBSCO LearningExpress* is a suite of tutorials, flashcards, questionnaires and practice tests designed to help you build your academic and career skill.

Access this database from the Databases A to Z link on the library’s webpage. In order to keep track of your progress, you will be asked to create your own username and password the first time you access *EBSCO LearningExpress*.

College Admissions Test Preparation

Prepare for important exams like the ACT®, SAT®, AP® Tests, and more.
